

Summer Camp for visiting students 2017

Dear Parents,

We welcome all elementary students to participate in our enhanced 9 weeks of summer camp. We have created a wonderful program to suit every student and we are certain they are going to love it!

We have designed a summer program that is rich in academic content so that children won't forget the knowledge and skills attained during the school year. We are going to create an individualized summer enrichment program for every child that participates. The teachers will start working on these individualized plans that will include Language, Math & Reading as soon as each child's summer application is turned in.

Returning this year The very sought after S.T.E.M. program (Science, technology, engineering and math). Students will work in a lab-type setting with professionals from a new company, STEM&MORE. Students will use infra-red remote controls, transmission gears, axles and other electronic tools to build one of kind dino-robot machines, vehicles, and other structures, and watch the robots actually move! STEM&MORE manufactures all the models and materials used and this allows the students to take home the models they create at school and play with them at home as well. While exploring principals of engineering, architecture, robotics, physics & more, students will develop problem solving & critical thinking skills.

Also, after great demand, the Challenger Sports Soccer program will also be here again this summer. The well renowned soccer academy run by British coaches will be hosting 2 camps, one in July and the other in August. We want all our students to experience this well structured, excellently run program.

Students may attend weekly or in a 4 week session. The summer fee covers all activities; Field trips, Assemblies, Robotics program, Challenger Soccer Camp etc.

Payment Schedule is as follows:

Weekly fee is \$185.00.	With extended daycare \$195.00
Every 4 week session is \$700.00.	With extended daycare \$750.00

Payment Due dates are as follows: Mon, June 26th (1 week),
Mon, July 31st (4 weeks),
Mon, July 3rd (4 weeks),

Please turn in the 3 Forms (**Application, Fee schedule and Field Trip Authorization**) as soon as possible.

We look forward to having your child spend summer with us. Our Oneonta students are enthusiastic, friendly, outgoing, helpful and good citizens and will make sure that your child feels welcome. We guarantee summer will be a B L A S T, so make sure to turn in the summer application as soon as possible.

Sincerely,
Ms Fiona ☺
