## ZOO

Once I went to a farm  
And I didn't want to do any harm  
I saw a bunch of hard working men  
Then I saw one tiny little hen

I wanted to go outside and play  
But my Mom said no  
I wanted to hop in the hay  
And my Mom said go

Once I went to a Zoo  
And I saw amazing things  
Lions roar and monkey swings  
And elephants that's what I saw too!

### Ms. Ernamarie

She inspires me to be whatever I  
Want to be  
Her attitude is fine to me  
She is strict and not too tight  
She tries not to fight with all her might

For lunch she makes us pray  
She made us play today  
She does not teach us math  
And in out class she got us nice mat

She works in the biggest classroom  
She has only 18 kids  
And she does not want rudeness  
So she only goes to the teacher's bathroom

Before she has a dragon pet  
That we all have met  
Don't talk back  
Because she doesn't like that

She likes us very moch  
And I think she likes us such  
From winter to fall  
But for the most she loves us out of them all

### The ridiculous rat

There was a ridiculous rat  
Who was awfully floffy and fat  
I'll carry he said  
This plate on my head  
I'll answer in a place of a hat

And then he remarked with a frown  
I supposed that I must be wearing a gown  
I'll make me a kilt  
Of this old crazy quilt  
To wear when I'm going to town

And of course though the weather is warm  
It may be there I'll come up a storm  
An umbrella I'll make  
Of a caraway cake  
It'll match with my whole uniform

And I'll carry a bottle of ink  
If I wish for a drink  
And this flat iron so sweet  
I'll take with me to eat  
And now I am ready, I think

### Tacomán

There once was a taco named Taco Man  
He was a famous Superman  
He eats so many cool tacos  
His real name is Paco  
He shoots tacos from his hands

The bad guy was named Pizza Man  
As he fought the Taco Man  
They shot cheese at each other  
They slipped on a peel, oh brother  
Ingredients were falling on each man

Taco Man made a truce with Pizza Man  
They got pancakes from a pan  
They drank water from a cup  
As they found a friendly pup  
And they drank soda from a can

They named the pup Soperie  
As they flew to the land of pie  
They saw a man name Mega  
They ran into a Sega  
As they almost forgot to fly

**Parents**

My parents inspired me to do almost everything  
I did surfing, sailing, cooking and much more  
I've made omelets bot, without my parents I  
couldn't do anything  
When I was little they taught me the basics of  
math like  $2 + 2 = 4$

They will cheer me up when I felt down  
They'll make sure no matter what I won't frown  
When I'm excited they are too  
So I'd always say "I love you"

When we're at my soccer games and we lose  
They would say "Don't be mad, it's what you  
choose"

When we're all at the movies I'd say  
"We should have done this yesterday"

My parents are the best  
I love my family most out of all the rest  
I can't explain how happy I am  
Because I'm much happier than a clam

I love my parents so much  
Even more than dogs and that's a bunch  
So this is the end of my poem  
I hope you like the rest of them

**Galaxy**

Outer space is a sight to see  
It is a wonderful place our galaxy

When we look up at the sun so bright  
Or when we see the stars at night

Our solar system has so many things  
Planets made of gas and planets with rings

We can all see space and explore  
We can all discover so much more

From Earth to the moon, sun to Mars  
From rings of Saturn to the shining stars

Meteors and comets that crash into the ground  
The consolations of stars we see all around

Our sky and clouds so near  
Are up right and our atmosphere

There are other galaxies like ours out there  
We can all go to space and see where

**Bob**

Once there was a man named Bob  
He lived in the town of Hob  
He licked a tree  
He said my me  
And he likes to lick you door knob

He likes to say hi  
He likes to eat pie  
He wants to eat a shoe  
His chickens do say moo  
And he would never lie

So he thought and he changed his name  
To Mr sally Loe Hame  
His home is red and blue  
His cows would not say moo  
So no one gave him shame

He liked hot dogs  
But not hot logs  
He wants a sock  
That has a lock  
And his house is named the rotten shogs

He liked to be happy  
His sock was named shappy  
He liked pumpkin pie  
He didn't want to die  
And his shoe was named Pappy

## Mom

She inspires me to do my best  
Makes sure I get lots of rest  
Tells me not to let words get me down  
Always knows what to say when I frown

Shows me right from wrong  
Has been in my life for so very long  
She is always thinking about me  
Helps me up if I've fallen or scraped a knee

Always spends time with me  
Reminds me not everything is free  
She'll take care of me if I get sick  
If I'm feeling sad, she'll notice real quick

Having a family, job, home and making money  
Most of the food she makes is yummy  
Always telling me to clean my room  
Making sure I use a broom

My Mom loves me a lot  
Dropping me off in the school parking lot  
The remaining time before I leave to college is  
very few  
I hope she knows I love her too

One  
Fabulous  
Mom

## Dogs

Dogs come in many shapes and sizes  
To find one right for you is what my advice is

Some dogs could be big, some dogs could be  
small  
Some could be short and some could be tall

Dogs like to run, play and love to eat treats  
They can be very kind, gentle and sweet

Dogs are a great companion  
And are presumed as the best friend of man

Even if they choose squirrels and sometimes a  
cat  
They are still very friendly as a matter of fact

Some can be scary but most are adorable  
Harming a dog would be just horrible

It's great to go and walk your dog  
Some are very smart and can even guide you  
through fog

In closing remarks dogs are a great pet  
If you got one you would love it I bet

## Moth

Once there was a yummy moth  
Who had some style like goth

She flew with her majestic wings  
Flew past the three kings

The poor moth flies around  
Then hits the hard ground

She got hurt and fell on the floor  
With a bump and a big sore

She knew she was in danger  
And might be picked up by a stranger

She has to get up  
Before she gets eaten by a little pup

She knew her time was an end  
But then she saw a boy who'd get tend

As she tries to get better  
All she needs is a snuggle and a soft sweater
