Our new school year begins August 27th this year (1 week earlier) The Summer Camp brochure detailing activities & field trips will be available in May. Last year our elementary students engaged in a very rigorous individualized academic curriculum every morning & enjoyed summer camp activities in the afternoons that included the Robotics program. Our little preschoolers enjoyed all the in house entertainment assemblies and the exciting outdoor gross motor activities that were planned for them. They also got to move into their new classrooms, make new friends and adjust to their new schedules. We plan on doing the same this year & invite everyone to register. Come join us for a fantastic summer; we guarantee fun and excitement for all our students!
